NHS Administrative & Enrichment Updates

- **Bike Racks**- the racks arrived 10/21/26, PAL paid for racks; Home Depot donating wood and mesh layering. Digging will begin this week. Mark LaRiviere is donating crushed stone; DPW delivering and digging out the area. Dustin overseeing installation. Mr. Pongrace is making an NHS PAL stamp to press into the concrete. Remaining costs: concrete (unable to secure donation). We will discuss a bike to school day in conjunction with bike safety with the North Hampton Police Department. Rail trail via Imprints parking lot floated as a safer route (avoids Route 1 and Post Road); Possible police station partnership for bike safety component; Fall timing may push this to spring; Also discussed doing some sort of presentation once the bike racks are all set. "Ribbon Cutting"

- **Band Instruments-key collective** this is needs-blind, anonymous third party that would fund students who can't afford instruments or trips or things pertaining to band/chorus anonymously. Sharon has reached out a few times with no response. She is going to reach out again or maybe see if we can find a different group as this may not be in their wheelhouse.
- **Photo Guidelines for Class Coordinators**-Rebecca Carlson brought up that Class Coordinators may NOT take photos of their in class/school events only of their own child. PAL to send note to Classroom Coordinators to communicate this policy.
- **Pre-K Picnic Table**- Miss Karen submitted the enrichment request form and her quotes to Rebecca Carlson & Erin Ibey for approval. The picnic table would be used for snacks outdoors, resting, or messy art projects. The 2 that she submitted range from $699.00-$750.00. PAL voted Yes on the picnic table.
- **Rachel Schmardel** requesting $2,425.00 for 7th and 8th grade choir to attend The Great East Music Festival in June 2027. Erin Ibey gave us the packet of information, (PAL Enrichment Funds Guidelines). It is a $100.00 registration fee, $75.00/student x 31 students; deadline for funding commitment: Feb. 15 one Free ticket per 15 students for chaperones. PAL suggests having some of the students do some of the fundraising, and PAL would cover the remaining portion. :
    - Talent Show (November)
        - Announce the trip at The Talent Show
        - Set up a donation jar at the entrance
        - Sell something at the show;

        - Add a memo the The Talent Show flyer to have people bring cash for a cause
    - Tagging at local grocery stores.
    - Students could set up one additional community night.
    - Catherine offered to sit with a group of the 7th and 8th graders once they are made aware of the opportunity to discuss ways they can fundraise and ways we are willing to help them.
    - It was mentioned that this could maybe be an event we do every other year.

    - Savings: $25,078.45

Fundraising

- **Planning to publish annual donation ask soon.** Sharon will edit the letter we used last year- make it easy for people to copy & paste the link on their social media. More strategic about when we ask. Corporate gift matching: estimate ~5+ parents per grade eligible; only ~3 used it last year; Tax ID and gift-matching flyer to be added to the donation page and included with the annual ask Classroom coordinators can prompt parents; it's one click once set up; Hannaford Raising Funds for a Brighter Future: marketing materials confirmed available online; Timing: ask now (don't wait for January) so parents who haven't used this year's match can still act
- **Charitable Gaming Update**- Applications submitted to Brook, Nash, and one in Manchester or Dover; Ocean Gaming expected again this year; Larger venues being targeted for when playground fundraising ramps up; New Hampton Beach gaming venue: Alex Reno investigating for Hampton PD; Hampton organizations get first right of refusal, PAL next in line as a neighbor (flagged to monitor)

- **Photo Album**- this fundraiser is live and there is a flyer on Konstella

Lynn is going to send the cost and how we can market this in an email; plan to start promoting in January
- **Simple Fun Run**- flagged this as a personal reminder item; deferred to next meeting

PAL Administrative Updates

- **Sugar Shack Shindig**- decided on the date of 3/20/2027, 1pm-3pm. This is NH Sugar Shack Weekend. We will create a committee sign-up, make a flyer and do BIG promotion since it is NH Sugar Shack Weekend local people won't have to travel far. Linda Donohoe would like to tie in the 8th graders somehow as they were the first class to do the sapping. Last year's budget recap: $500 fireman donation, spent 132($80 drinks/chips, $52 maple sugar popcorn); Dunkin' donated supplies; Need a new popcorn supplier; Ideas to grow the event: roadside signage, community newsletter listing (next issue ~December), tie in Maple Woods/sugar bush story
    - Sugar bush update (Maple Woods):
        - Town clearing area; 18 sugar maples identified
        - 8th graders are the founding class
        - Tree naming/dedication idea floated (graduation, memorial) as a community "wow" moment
        - Harvestfest Forestry fundraiser raised $294.18 (~enough for 1 tree at $250 each per Jeff)
        - Lobdell / Ella's husband Dave flagged as potential discounted tree source
- Suggestion: propose tree donation as an 8th grade class gift idea

- **Community Nights**-NEW Community Nights Coordinator Kathleen Ciampa
    - Thirsty Moose 11/19 booked
    - Seacoast Soups- January
    - Community Oven-March
    - Flatbread-May (Kathleen has contact there because she says she goes there often) (targeting for this and maybe doing a scavenger hunt after dinner, where we meet at the end and give out popsicles or some sort of treats)
    - Roughly every-other-month cadence preferred; past experience showed diminishing returns with too many nights
- **Kids Nights**
    - Bowl O Rama 11/5/2026 (Sold 18 Tickets -$286.22 in tickets so far) post once per week on social and Konstella. Tye is am going to print off and hand out at Halloween class party; trying to fill

    - Grade Meet Ups (Throwback/Birddog) in the spring
    - UNH Hockey Lynn is going to figure out contact, she thought maybe the rec dept did it last year.

Committee Updates

- **Wait Until 8th**- an email went out to those who signed up at Harvest Fest. 50% of class must participate for a group to be formed. Holly Tennent to send out a message with flyer to inform people more about what the next steps are on Konstella.
- **Social media/Communications/Website**- Kristin has been working hard on website and keeping things current; Rotating donor recognition added; She is adding the Tax ID # to the donation page to make it easier for people making donations; Gap identified: no strong accomplishments page
    - Proposal: add categorized accomplishments (fundraising, enrichment, community) with photos and blurbs
    - Past newsletters (2025, 2026) identified as content source; to be sent to the website manager
- **Teacher Appreciation**- Small committee formed and ready
    - In-service day dates received; budget in place (~$1,500/lunch noted, up from initial $1,000 estimate)
    - Stock the Staff Room went well; snacks fully stocked upstairs and downstairs, lasted ~2–3 days; coffee still stocked
    - Teacher requests: coffee maker, microwave, room rearrangement downstairs (only 2 plugs in that room)
    - Next event: November (exact date TBC — November 30th flagged as a possible PD day conflict, needs verification)
    - Christmas celebration format still being decided; leaning away from labor-intensive individual teacher gifts
    - Teacher Appreciation Week moved on the committee calendar to avoid post-holiday timing conflict
- **Playground Committee**- There are 3 vendors currently in consideration. The goal is to have each present final plans and narrow to one vendor by end of year (2026). Curriculum Night-Becca displayed playground samples to generate parent buzz. The hope is to break ground in 2028 in one phase but two phases if needed. Warrant Article in March figures discussed include $80K, $100K, $150K, capital improvement plan proposed $150K year one & $100K year two (not yet confirmed by school board---meeting noted as tomorrow)This year's fundraising is focused on grants corporate/foundation sponsors-not parent asks. Next year's will be community fundraising events, kid-led activities. Getting the word out, sending mailers / making announcements. Break ground targeted for summer 2028.

Yvonne has a friend who has a place that sells empanadas and would like to have that as one of the lunches or things we do for teacher appreciation events

You do not have to read the book to participate. The first night was a success. Approximately 15 people were in attendance. Hoping to get more people to attend the second night. The topic of night two is phone-based childhood.

- Faculty kitchen renovation- the project incurred some unexpected costs for plumbing and electrical work. The bill for these extra costs was $5,680. PAL to contribute $3,000.00 towards the bill.

After it goes to the administration we can then discuss ways to help fundraise for it in the future.

The event could be a winter theme. Have hot chocolate, cider, sledding and snowshoeing. Invite the community to join. Linda also provided us with an update on the sugar shack. The sugar shack is not put back together yet so it's not ready for use. Karen Hass and her husband Paul are volunteering this year to help. There is currently $1,400 in maple sugar project account. They will be selling tote bags at the talent show for $15. We also discussed possibly asking for 4th and 5th grade parents to help volunteer one weekend to help work on the sugar shack. The December community night at the Whym will fundraise for the project.

- Playground Committee Planning- Rebecca put together an 8-step plan for the project. Establish Vision and Purpose of Playground, Form a Playground Planning Committee, Gather Input from Stakeholders, Assess the Existing Space, Develop a Preliminary Concept, Identify Budget and Funding Sources, Refine the Design and Approvals, and Plan for Construction and Maintenance. We agreed that this is a great place to start.

    - NHS volunteers are required to complete a background check per the SAU. Will present dates to Officer Kyle for approval by the Chief.
    - PAL will make sure that it is financially feasible for all families--work with Nurse Mara.
    - Officer Kyle Would have to bring someone in on OT to be the print taker. They can maybe offer (2) 4-hour blocks of time – could take 15-20 minutes to have prints taken
    - Yvonne said last time PAL did this we packaged all applications and checks and dropped it off to eliminate that step for families.
    - We should Set up sign up genius for people to pick times.
    - We will get back to Officer Kyle with some dates to check and see if they work. Maybe we will coincide with the Jaggy Awards.

    - Fingerprints are required to chaperone field trips and ideally have them submitted before next academic year

        - Getting feedback from school, teachers, and parent survey.

- Organize playground party for beginning of year for K + 1 and an end of year beach gathering

- Feedback from PAL group; PJ's 5th grade teacher mentioned teachers can go to a teacher council meeting or use the survey. Parents should come in and get ready to go, trying not to interrupt the class curriculum. The survey idea is great. Maybe ask the teachers at the survey stage if they (their class)be open to be part of a pilot program
- There is an app the schools have to use communication. NHS uses "School Now" it has access to PowerSchool and pick up patrol, Sau information, etc. There is also Parent Square, which is more individual school based and classroom communication, forms, and permission slips, etc. And Constella, app and website (free?), is a parent organization driven communication, teachers can also send out communication, easier signup sheets (replace sign up genius), can create committees that all see who's on the committee. All PAL documents could be on one digital shared folder. Ability to message to people's emails if they don't want to download the app.
- Have 3 or 4 pilot classes for a few months.
- Questions about the directory.

- Charitable Gaming Days 2/5-2/9 & 7/14-7/18 – should we try to get on the Brook list?

NHS Special Budget Meeting 11/2/22

Attendees: Megan Chartier, Wendy Wallus, Maggie Clifford, Maurine Fritz, Sherri Clerk

Meeting Notes:
The PAL Board reviewed budgeted items. We finished 2021/2022 -$3137 with current year activity driven by the $3300 for air conditioning units and air purifying units during Covid. We still had a positive cash position but negative net income. New addition to drive income this year is charitable gaming with net this fiscal year $6k. We discussed ways to have incremental income in 2022/2023 with donations and potential events. Strategy will be developed to formally acknowledge donors.

We budgeted income and expenses conservatively based on last year's results and what the organization has planned for the current year. This results in an overall deficit of about $800 as budgeted; however actual amounts may differ. As COVID restrictions have lessened from last year, we hope to meet that goal and have more fundraising opportunities but we felt we should be conservative. Our goal is to break even while still fulfilling our mission to bridge communication between teachers, parents and administration to enrich the overall experience for North Hampton School students and to show appreciation for all the efforts of the NHS school staff. The Board discussed various line items and the 2022/2023 proposed budget was unanimously approved.

Maggie Clifford, Ashley Hass (substitute secretary for Jamie Walther - absent), Yvonne LeBlanc, Wendy Wallus, Megan Chartier, Gina Carey, Mary Hodgins, Frances Mitchell, Susan Snyder

Review of minutes from last meeting- informal summer meeting to prepare for the new year

Discussion of Budget- Budget for Aug 1, 2022 - July 31, 2023 hasn't been established yet
Review of profit & loss report. NH Gaming income was significant contribution to budget ($6,463.44) and PAL will continue to apply to participate in this program. Application will need to be resubmitted every year.
Expense of t-shirts for incoming Kindergarteners was included in the Back to School expenses on this budget breakdown but will be taken out.
There will be a separate meeting next month by the board to establish budget to present at the general meeting.

Susan Snyder present to give administration update.
Two visiting authors are coming to the school this fall
Trudy Ludwig is traveling from Oregon to hold a student assembly for grades K-5. She is also doing a presentation for teachers and presentation for parents. Joe Manzi has agreed for the Rec department to provide free child care at the school for parents who want to attend the parent presentation on October 12. She asked PAL if we would be willing to donate pizza for the kids at that time, hoping to support parents by making it easy for them to attend this important presentation. PAL voted and unanimously approve purchase of pizzas for Oct 12.
Susan also presents the option of PAL using book sales from the visiting author as a fundraiser. Trudy Ludwig offers to sell her books at 40% off as part of this presentation. Administration and PAL discussed possibility of the savings from that discount going to PAL.
Concerns discussed include the logistical sides of how parents would pay, how the money would get transferred to PAL, and how books would be ordered/delivered. Other concerns included the accessibility of the books if sold at full price. The idea would be to get more books into more kids' hands, so allowing parents to take advantage of that 40% off discount would be best for that cause. PAL decided to not go forward with using this as a fundraising opportunity, but is willing to support the program by providing pizza, helping to spread word, and organizing books sales as needed.
Susan is going to confirm the 40% discount offer and PAL will look at creating a link/QR code for ordering.
Visiting author Ellie Schwartz is coming this fall for middle school grades. Her presentation might involve items similar to Trudy Ludwig. The Trudy Ludwig visit has been paid for with grant money, but PAL may be asked to fund the Ellie Schwartz visit.
Susan Snyder updated on curriculum night and confirming dates and times. It was decided to ask Joe Manzi if rec could offer childcare for that evening as well.
PAL Facebook page will put a reminder about Curriculum Night and will include that it is a parents only event and will reinforce times

Susan also said Artist in Residence program is expected to return, possibly involving the nature trail. It was asked if students would be making up field trips that they missed due to covid restrictions. Susan said that for some of the larger trips/experiences, they have been working on ways to have classes make up those missed opportunities. But for the majority of more typical day field trips, it isn't possible to have all grades make up those missed trips.

Megan Chartier speaks on enrichment topics.
Is it possible to order staff shirts to have on hand for incoming teachers or teachers who need to update a shirt if they received theirs years before. PAL agreed this would be a good method of ensuring each staff member has an NHS shirt.
The Sunshine Committee also asked about baby onesies/clothes for Spirit Wear to gift teachers when they have a baby. Baby clothes and dog bandanas/accessories are suggestions that will be looked into in adding to the spirit wear orders. Frances will look into pricing of staff shirts and update at next meeting. Fliers for the October Spirit Wear drive will go out (tentatively) Nov 3.
Meghan also suggested teacher stipends in the form of gift cards. Teachers would need to provide receipts for items they purchase with PAL stipend. There are currently 42 total teachers/ contracted service providers- 19 classroom teachers
Susan Snyder reminded PAL that teachers have opportunities to go through administration or apply for grant money before turning to PAL for their classroom needs.

Fingerprinting reminder- any parent who wishes to volunteer or chaperone needs to have their fingerprinting done. We have been told by some parents that there is currently a bit of a back log with this, so people should do it sooner rather than later.

Teacher Appreciation options- events like the food truck are hugely appreciated and enjoyed, but also can be difficult to coordinate and quite costly. Teachers appreciate the smaller gestures/ events and goodies donated by families just as much.
Morning of October 19, PAL will run a "stuff the staff room" event. PAL will establish a signup genius for parents to donate items (snacks, drinks, candy, etc.) Ashley Hass will be available to help set up that morning.

Trunk or Treat October 21st with a rain date of Oct 28. Megan would like help setting up for that event. Frances will contact Dunkin about hot chocolate. Voting procedure should be altered this year to ensure fairness. Megan may ask a group of 8th grade students to join her in a voting panel.

PAL would like to offer "community nights" at restaurants once a month (where portion of the proceeds go to the fundraising.) Whym may be able to be included in this- Maggie is going to reach out to them with more clarification.

There is a question posed of the student directory, if it is still worth creating for families. Consensus was that it is very useful for new families in particular and people enjoy having the contact info of their kids' classmates, so we should continue to create the directory.
A color run is proposed as a new fundraiser event- maybe something to look into for spring
PAL will make their meeting outline available so parents can see what topics will be discussed before they attend. Wendy is going to work on posting more material and being more active on the PAL Facebook account so that the posts are more likely to come across people's feeds.

Maybe ask parents not to have inflatable decorations that require power from their car to eliminate idling and fumes. The greenhouse is not available for power since the DJ uses that outlet.
Directory: Yvonne LeBlanc may be able to run this project again, Sherri will confirm. Discussion on whether the directory was needed any longer. It's not so lucrative anymore and must do cold calling for ad placement. We are unable to run this program through the school due to privacy policy.

February = Candidate night = Student Government and Becca Carlson run this. Becca will walk us .through as we get closer to the date

Background Check = School volunteers need to have a fingerprinted background check at N. Hampton Police Station. This is led by school. Divide into two dates for convenience. Use signup genius. Ask PD what dates, times and max # of slots available. Is there room in budget for PD ?appreciation for running this program

April = Spirit Wear

Spring = Color Run (walk) = Try to hold this before April vacation. Sponsored run or walk on NHS track. Kids ask for donations directly to extended family, friends. This is in place of selling .wrapping paper. Road race would not be safe with our roads

Planning Meeting

Attendees- Stephanie Somerville, Yvonne LeBlanc, Maureen Fritz, Wendy Wallus, Frances Mitchell

- **Welcome & Introductions:** Board member introductions and explanation of roles, all those present.
- **New Treasurer**: The Board formally accepted the resignation of Breanne Moore and thanked her for her two years of service and dedication to PAL. The Board unanimously voted to accept the nomination of **Maureen Fritz as Treasurer.** Maureen disclosed to the board to clarify that there is no conflict of interest, that she is also the treasurer of NHYA. The Board agrees that there is no conflict.
- **Meeting Minutes**: First Meeting, none to approve
- **Meeting Schedule**: Susan Snyder offered to switch the monthly PAL meeting to the first Thursday at 5p at Town Hall prior to the School Board Meeting because all administrators could attend. The Board has concerns that a limitation of one hour would be restrictive. The meeting has been the third Thursday of each month and discussion is to keep the meeting for that time and at 6p. Consensus is: third Thursday of the month at 6p in the NHS Library, unless virtual meetings are necessary.
- **Email address**: info@nhspal.com is the current email address for NHS PAL which the organization needs to pay for ($6 a month through google suite). PAL has a gmail account: northhamptonpal@gmail.com, which is free. All emails sent to info@nhspal.com are being forwarded to northhamptonpal@gmail.com. Discussion is that we would forgo the info@nhspal.com email address and only use northhamptonpal@gmail.com after Winter Break to give Angie Lombard time to change everything over through the website, etc. However, is it possible to contact google to change the email address to nhspal@gmail.com or nhspto@gmail.com, etc?
- **Fundraisers**: Yvonne has a list of ideas for fundraisers and loves the restaurant idea, where families can get dinner or take out with a portion of purchases going back to PAL.
- PAL Bulletin Board: Yvonne and Megan cleaned out the closet and welcome sharing items with the student government. Ashley Hass decorated the board in the lobby very well! Question is whether she'd be interested in decorating the board in the lobby each month?
- **Espresso Dave**: He is offering a "Welcome Back to the Grind" two hour coffee service and wondered if we would be interested in hosting this in the Fall. Discussion is on an early release day: either September 15th or October 13th. A two hour coffee service costs $450.
- **Enrichment**: Megan will review the enrichment form to see if it needs updating.
- **Note**: Questions about how much money should be cushioned in our account and what the money will be needed for. Thoughts that the school could use a new sign? Not necessarily an electronic modern sign, but something that would fit in with the aesthetics of the town.

- **Directory**: No ads. The directory will be 10 pages with information of the entire student body, instead of a one sheet given to each grade with just grade specific information. Students will be listed by grade and not by family as in years prior. Discussion to ensure that parents who do not want to be included in the directory are omitted (parents who do not want to be included indicate this via Power School).

Budget Update/Planning for 2021-2022 School Year

- **Halloween Event**: We are unsure that Halloween Howl could take place given the county is in the red zone. What about a "Trunk or Treat" event? Thought is $10 or $15 a car to fundraise for PAL. Ideas for places to host the event: Knowles Field, the old Philbricks parking lot, the North Hampton State Beach, Throwback Brewery. Dates will be discussed at the next meeting. A DJ for the event would be exciting for the kids.
- **Spirit Wear**: Fall and Spring drive. The Fall drive should be earlier than last year; beginning of October. We will get with Tom at TL Sports soon to agree on a beginning date. Keep certain hot items. Can Tom give us a spreadsheet of the most popular items? Can Jaggy or Granny Mac make a video highlighting the items to promote the sale?
- **Pure Vida**: PAL had a loss on that line item last year. We will keep pushing the sale on these into this school year. They are a $3 cost for PAL, but sold at $12 each. Goal is to make $100 profit from this in the coming school year.
- **Amazon Smile**: we profited $29.54 last school year. Would be a good idea to plug this to the general school again.
- **Hannaford Helps**: goal is to hit half of the profit from last year which was $1700.
- **Box Tops**: Hope is $50 in profit.
- **Spring Social Events**: On stand-by because of Covid.
- **Direct Donations**: $2825 in profit for the 20-21 school year (YAY!). We hope to make a slightly larger profit.
- **Walk-a-thon**: Idea to do a sponsored walk for the kids to raise money.
- **Outdoor Structure**: NHS is exploring the idea of building a permanent outdoor structure for education. This could be a fundraising goal for PAL to help offset the costs for the structure (the walk-a-thon would be a perfect avenue to do this).
- **Change Wars**: Grade specific change collecting, or school wide, where classrooms try to raise the most change and the winning classroom wins an ice cream party or something similar.
- **Teacher Appreciation**: Increasing the budget $2000 for the year.
- **Various Budget Line items**: see budget.
- **End of year**: Popsicles or Kona Truck?
- **Holiday Cookies**: If it's not possible to have parents make cookies this year, we would need to look for a store option like Pop Overs.
- **Next meeting date: Thursday, September 16th**
